**RE: PARKER, Christopher**  
Report of Offender on Supervision  
CR.No.: 04-00473-001

Dear Judge Chesler,

The above-named offender was sentenced by the Honorable William F. Downes, Chief United States District Court Judge from the District of Wyoming, on December 21, 1998, to 60 months imprisonment for his conviction of Felon in Possession of a Firearm. This term of imprisonment was to be followed by a three-year term of supervised release which commenced in the District of Wyoming on January 6, 2003.

While in Wyoming, on April 3, 2004, the offender submitted a urinalysis, which was returned positive for marijuana. Attempts by the Wyoming United States Probation Office to contact the offender to discuss the positive drug results were unsuccessful. Contact with the offender's long-term girlfriend at the time revealed that the offender had left for work on April 5, 2004, but had emptied his closet and had never returned. A warrant was issued for the offender at that time.

On June 16, 2004, the U.S. Marshal Service arrested the offender in the District of New Jersey, at the home of his estranged wife in Browns Mills, New Jersey. Transfer of Jurisdiction was initiated shortly after the arrest, and the case was assigned to Your Honor for the violation proceedings on June 29, 2004. As a condition of bail the offender was placed on home confinement electronic monitoring. He appeared before Your Honor for sentencing on the violations on January 13, 2005 and pled guilty. The original term of supervised release was revoked by the Court, and an additional 33 month term of supervised release was imposed.

Since commencing his term of supervised release in the District of New Jersey, the offender has been residing with his wife, and children in Browns Mills, NJ and has been steadily employed at various jobs. He was assessed for his drug addiction, and referred for drug treatment at SODAT in Mount Holly, NJ for weekly outpatient treatment. Initially, there was a gap in his compliance with attendance, but this was addressed by the probation officer, the offender, and his counselor and compliance was achieved.

However, on May 22, 2006, the offender voided a drug screen at SODAT which returned positive for marijuana. Upon confirmation of the drug results, Your Honor was notified at that time of the offender's relapse via a Probation Form 12A, Report on Offender Under Supervision, on June 26, 2006.

On July 11, 2006, Your Honor contacted this officer to discuss the ramifications of this offender's noncompliance with his supervision. At that time, Your Honor was advised the offender had already admitted to getting high at least one more time subsequent to the submission of the 12A. Your Honor agreed to allow the offender to remain in treatment for these two positive drug screens, but requested immediate notification of *any* continued drug abuse. (The second admitted drug screen was received. It had been collected on July 10th and confirmed positive on July 25th.)

On August 10, 2006, this officer received notification of yet another positive drug screen. This drug screen was administered by SODAT on July 31, 2006, and reported positive on August 10, 1006. This officer contacted the offender's counselor at SODAT, Pauline Cohen, who confirmed these results and also stated that the offender refused to void a drug screen on August 14, which they consider to be a positive test. In addition, she stated the offender failed to call and failed to show for treatment the week of July 24<sup>th</sup>.

The following Probation Form 12C, Petition for Warrant or Summons for Offender Under Supervision, is being forwarded to Your Honor so as to proceed formally with the violation process as it appears other options for this offender have been exhausted at this time.

Very truly yours,

CHRISTOPHER MALONEY, Chief  
U.S. Probation Officer
